MILWAUKEE:

THURSDAY AFTERNOON, APRIL 1.

MARCH HAS GONE.—Its an old saying, that if "March comes in like a lion, it will go out like a lamb." But this adage hasn't been verified this year, for it came in cold and bitter as mid-winter, and went out as "wrinkled as the brow of age," bequeathing to its successor a frosty "livery." Good bye to the long, dreary month of March. We are heartily glad it has made its exit, for it always was to us, the most disagreeable month of the 12. April made its advent in a determined, tempestuous, though rather *frisky* and capricious manner, manifesting its unruly temper by frequent snow squalls. We hope no one will consider that to-day is an index of the month as regards the weather, for if they do they will get badly "April-fooled."

House Burned in the Town of Lake.—About 12 o'clock, last night, a fire broke out in an unoccupied dwelling house, owned by Mr. Lawson, near the toll gate on the plank road, in the town of Lake. The house was entirely destroyed. Insured for several hundred dollars.

SAVING EXPENSE.—We reckon the Street Commissioners of this ward consider it cheaper to contract good side-walks, than to *foot* the bill for extra boot blacking. At all events several new cross walks have been constructed on Spring street recently.

BUILDING.—Deacon Ogden has commenced the erection of a large wooden dwelling house on Spring street. The frame work was put up some days ago.

THE WATCH ORDINANCE.—The *Sentinel* states that the Watch Ordinance expires to-day or to-morrow, and hopes it may be renewed so as to continue in force a month or two longer. We see no good reason why it should not be continued permanently. Burglars and night-walkers are abroad more in the summer than in the winter, and people are more exposed to their depredations on account of sleeping more with their windows open. We think a small, but vigilant watch, should be placed upon a permanent footing.

HOMESTEAD BILL IN CONGRESS.—We are glad to learn that this bill is to pass both Houses, it having been ascertained that there is a majority of 30 in its favor in the lower House, and a still larger majority proportionately in the Senate. It gives 160 acres of the public lands to landless actual settlers and cultivators, under suitable restrictions. This is one step, and an important step, towards that "consummation so devoutly to be wished," when every family will have a resting place and a home on the face of the earth.

CONGRESS.—In the Senate, on the 23d ult., the bill to establish a Navy Yard in San Francisco was taken up, and Mr. Gwinn spoke upon it. He thought the estimates of the work were altogether too high, and said that he should be in favor of a pier costing not more than $50,000, instead of the basin and railway costing over a million.

On the 24th, petitions were presented, numerously signed, from Portland and New Orleans, praying for government aid for a line of steamers. Also one from New York, in favor of an Agricultural Bureau.

APPLICANTS FOR BOUNTY LANDS.—The number of applicants for bounty lands, which the new bill will bring in, is estimated at 10,000.

☞ The *Free Democrat* is chosen official paper for Milwaukee. Perhaps not a bad choice—the cackling of geese *has been* known to save a city.—*Kenosha Dem.*

We think the remedy must have lost its efficacy. Kenosha has been distanced by its rival Racine, nothwithstanding all the "cackling" of the *Democrat*.

☞ The Mormons have advertised their property at Kanesville, Iowa, for sale preparatory to their removal to the Great Salt Lake.

☞ The *Free Democrat*, commenting upon the article from the Prussian *National Zeitung*, translated for our paper says:

"Now to talk of liquor drinking as conservative of dignity, religion or liberty, we should regard as a very good joke, if the subject were not too serious for joking. But to seriously attempt to disprove it, would be a greater joke still."

The greatest 'joke' of all is to ascribe any such silly 'talk' to the Prussian Editor, or his American translator. The argument offered was not in favor of "liquor drinking."—*Sentinel.*

True the "argument was not in favor of liquor drinking," but it was *against* putting a stop to it. "Mind the distinction," as Counsellor Crossmyloof says, "I" says he, "take a distinction!" They don't argue in favor of liquor drinking, not they! They only argue that if it is stopped by law, then human liberty and dignity and religion will "all have gone to wreck!"

☞ The New-York *Tribune* contains a long editorial on the probable nominees of the Whig party, saying that the Whigs of N. York do not oppose Fillmore on the ground of his support of the Fugitive Law, but because he has proscribed Seward Whigs from office. Sorry to hear that that is the only reason.

☞ The fraudulent California tickets are causing some excitement in New York. Some prosecutions have been commenced.

☞ The Rev. Robert R. Raymond of Syracuse, is to be connected with the New York Daily *Times*, as Literary Editor.

Madison Correspondence.

MADISON, March 29, 1852.

ASSEMBLY.—The cheap liquor license bill, making the tariff for selling from $10 to $40, and fixing the penalty at from $10 to $40, was engrossed and ordered to a third reading. Over one hundred bills were received to-day. A great deal of local and unimportant business acted on in committee of the whole. The Bank bill will be engrossed and ready for its final passage to-night.

The Speaker laid before the Assembly a communication from the Attorney General in relation to the *quo warranto* proceedings against Alexander Mitchell, and in reply to the Governor's Message on that subject, which was referred to the committee on the same subject—Messrs. Donaldson, Barlow, and Cate. The Attorney General indirectly traverses the Governor's Message, and pettifogs the case somewhat personally, but the whole matter, with the answer of Mr. Doolittle, will soon be spread before the public.

In proof that the Attorney General had no authority to postpone the suit, we state what Mr. Jas. S. Brown, Mr. Mitchell's Attorney, said to the Governor:

"Mitchell and myself," said Mr. B., "wish to go to Europe in June, and we want that suit continued until the December term. I have been to Mr. Estabrook, and he said he had taken *no responsibility in the suit*, but that he will take the responsibility of continuing the suit, if you will consent."

To which the Governor replied, "I cannot consent to the continuance."

Mr. Brown was silent a moment, and then said: "Then you refuse?"

"Yes," replied the Governor; "I cannot consent; it is a case of too much State interest for me to continue for such a reason."

"Well, then," said Mr. Brown, "we will have to stay and beat it."

The article of the *Commercial* on staying the *quo warranto* proceedings has created much merriment here, at the Attorney General's expense. Many think it was intended as an attack on Mr. Estabrook, under cover of being an attack on the Governor.

The Senate—or a portion of it—tried to expel the reporters of the *Express*, for an alleged incorrect report of Senator Palmer's remarks. The subject was finally referred to a select committee, of which Senator Huebschmann is chairman. The bill to establish a separate Supreme Court awaits the recovery of Senator Sharpstein, who is ill, and has it in charge.

Business will probably be rushed through in a hurry toward the last. S. M. B.

An Act relating to the Financial Affairs of the City of Milwaukee.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SEC. 1. The Common Council of the City of Milwaukee shall have power to borrow, on the faith of said City, any sum or sums of money, not exceeding in the aggregate the total amount of the delinquent taxes due from said City to the County of Milwaukee and the State of Wisconsin, and of interest coming due on outstanding bonds of said City during the year 1852.

SEC. 2. The said sum or sums of money shall be borrowed for any term or terms, not less than five nor more than ten years, and at such rate or rates of interest, not exceeding ten per cent per annum, as said Council may deem expedient.

SEC. 3. This act shall take effect from and after its passage.

Approved, March 24, 1852.

Second Edition of the Sea Serpent Story revised and enlarged.—The following is from the Cincinnati Commercial:

"The supposed hoax which has been going the rounds of newspaperdom for the last three weeks—being an account of the capture of an enormous Sea-Serpent, having a head as large as a sugar hogshead, &c., and by the publication of which in the N. Y. Tribune, it was tho't that paper had been 'regularly sold,'—turns out now to have something more than a shadow of truth in it. A bottle, we learn, was lately picked up off the coast of California, containing these lines, which may have been thrown overboard from some *whaler* that foundered at sea. It only goes to show to what length these *snakes* will sometimes reach:

"'One morning from his head we bore,
Carrying every stitch of sail,
We plowed the deep, ten knots an hour,
And in six weeks reached his tail.'"

☞ Curtiss, of the Cincinnati Commercial, is continually "getting off a good thing." In a late number we find the following:

"*Satan's Saturnalia.*—Many of the Western political editors have gone to Washington to get their *organs* in tune for the coming Presidential election. The central operators will take the kinks out of the outside entanglements, and harmonize all upon the music of a single string. Great times are coming. Throw aside coward-making conscience, line lungs with leather, faces with brass, and store the crocodile founts with tears for the 'dear people.' The foxes are going to preach, and the hyenas to burrow up the grave-yards of iniquity, and turn the resurrected spirits of rascality loose for another brief revel. Let honest men keep their skirts clear of the defilements that will beset them."

STEAMBOAT TRAVELING.—A Bill is now before the United States Senate, to provide for the better security for the lives of passengers on board of steam vessels. It is proposed among other things, to appoint Inspectors of vessels, well qualified to judge of all the various parts of hull, rigging and machinery, and all boats are to be inspected at least once in six months.

SPECIAL TERM AT RACINE.—A special term of the Circuit Court, for Racine County, will be held at Racine, on the 13th inst.

BANK BILL PASSED THE ASSEMBLY.—The *Sentinel* received a Telegraphic despatch from Madison, to the effect, that the Bank Bill had passed the House, by a vote of 50 to 20.

Why is a kiss like the creation? Because it is made of nothing—and is good.

REPORTED FOR THE DAILY DEMOCRAT.

Fire at Chicago.

CHICAGO, April 1—9 A. M.

A fire broke out this morning, about a ¼ past seven o'clock, in a building on Randolph street, occupied as a waggon shop, and owned by B. Salsbury. As it was blowing a terrible gale at the time, the flames spread with fearful rapidity, consuming all the material they could find to prey upon. The following are the buildings burned, and the names of the owners:

The first building west, was owned by Dr. Evans, and occupied on the first floor as a barber shop; and the second as physician's offices.

The second owned by B. Salsbury, and occupied as a waggon shop. Insured for $500.

The next, occupied as a paint shop—insured for $600.

The next building, occupied by R. E. Goodrich, as a paint shop—insured for $200, in the Franklin.

The other buildings were occupied by Peter Schutler, as a coach factory, and Mr. Kineball, as a grocery store; both insured.—Mr. Kineball lost a large amount of valuable lumber, which was not insured.

☞ The appointment of midshipman in the navy from this district has been presented to Duane Stebbins, son of Mr. Amaziah Stebbins of this city.—*Racine Adv.*

☞ On Friday evening last, the house of I. A. Beardsley, in the town of Racine, near the city limits, was consumed by fire together with all its contents. We learn that there was an insurance of $300 on the house, and $200 on the furniture. The fire occurred about ¾ past 8 in the evening, the light shone very brilliant and seemed to the residents of the School Section as if it were on the river bank.—*Racine Advo.*

Business of the Canal—First Day.—There was cleared yesterday at the canal office in this city, 331,531 feet of lumber, 45,150 lath, 50,000 shingles, 2,100 lbs carpenter's work, and 6 bbls flour, (not the "Mobile Dealer's.") The tolls received at the office for the same time were $374,11.—A pretty good beginning.—*Chic. Trib.*

Something Worth Knowing.—It is a fact, perhaps not generally known to farmers, and which, at this season is very important, that there are two parts to a potatoe, which if seperated and planted at the same time, one will produce potatoes, fit for the table eight or ten days sooner than the other. The small end of the potatoe, which is generally full of eyes, is the part which produces the earliest; the middle or body of the potatoe the late and always larger ones. This we learn from an exchange.

Buffalo and Chicago Steamers.—The following steamers will compose the Chicago and Buffalo line during the season:

Lady Elgin, Sultana,
Hendrick Hunson, Globe,
Louisiana, Wisconsin.

The last named steamer has just been purchased by Capt. T. J. Titus, formerly of the Queen City, in connection with Messrs. Benus Brothers, of Buffalo, and he is actively engaged in giving her a thorough overhauling, preparatory to placing her in the line.—We predict a highly profitable season's business for this line of steamers.—*Chicago Tribune.*

The Pope and the Washington Monument.—The former, deeming it best to do something for the latter, and having therefore sent over a block of Italian marble, the Philadelphia 'natives' have held an indignation meeting against allowing His Holiness so to express his regard for our Washington, and resolved, that, should the Pope's block go into that monumental pile, it should be placed beneath another bearing a protest against its presence. It is a provoking question which has thus been raised by the spirit of intolerance, yet one which might have been started as a question of taste. We are of opinion, that Washington's monument should be, at least either American or Cosmopolitan, and would prefer it should be the latter, since it is more delightful to us to look at the Father of our Country as a Man, than as an American. And the world is getting more and more disposed to ask what a man is, and less and less anxious to inquire where he was born; which is but saying, that it is becoming Christianized, and that when it shall have become Christian, it will ask not, and care not, whether any personage was born in America or Judea, in a palace or in a barn.—*Cleve. True Dem.*

MUNICIPAL ELECTION.—The Municipal election took place the 8th. There was no general issue, political or otherwise, except, perhaps, an indirect issue of securing a majority of men directly in favor of enforcing the Liquor Law. This result has been secured, and so it is said would have been, whichever of the various tickets offered had succeeded. There were doubtless shades of differences among the various candidates, but no radical differences. This argues very favorably for the popularity and beneficial effects of the law, as no ticket, in any of the wards could have been rallied in favor of its repeal or suspension, if the attempt had been made.

In several of the Wards the canvassing was lively and interesting, and those who delight in election excitement were doubtless fully gratified, even where the issue was merely for men.

There was no distinct political organization on party grounds, the majority was, without an effort, conceded to the whigs in all the wards.

The present worthy and efficient Mayor of the city, Elijah L. Hamlin, Esq., was re-elected by a majority of 1715 votes.—*Bangor Courier.*

☞ "*The Maine Expositor*," is the title of a new paper published at Portland, for the purpose of exciting a public sentiment against the Maine Liquor Law. Its publishers call upon the friends of the cause it advocates, which in short terms and significant, may be called the cause of drunkenness, to forward one dollar in advance as a yearly payment for the paper.

There is no name appearing in the paper as publisher, editor, contributor or friend.—It purports to be published "by an Association of Independent men," and it would probably be about fair to say that its publishers are rumsellers who are trying to hide themselves behind a ladder.—*Bangor Courier.*

☞ Mr. Charles Waldo, Charles and P. H. Phelps, and several other gentlemen, all from Marquette county, passed through our place last week on their route to California.—Mr. Waldo was a member of the Assembly last winter, from the county of Marquette. During the past ten days quite a number of teams have passed through here on the route to California, destined for the overland route.—*Madison Statesman.*

The Working of the Maine Law.—Here is an extract from the annual report of Geo. W. Jones, City Marshal of Augusta. Look at it, account for it, gentlemen who oppose the liquor law and support the traffic, or else forever shut up your eloquent mouths:

"For the greater part of the year—and all winter—an efficient night watch has been kept; and there have been no arrests made, nor has there been any disturbance in the night, whatever; and except for the better security from fires, I should hardly deem a night watch necessary."—*Commonwealth.*

☞ A. B. Van Cott, the enterprising jeweller, is enlarging his business not only in this city, but he has recently bought out a Mr. Gardiner, of Milwaukee, where he has fitted up the store anew and is prepared to do any amount of business. Mr. Van Cott has undoubtedly made a fine property in his business in this city, and we wish him all the success he can look for in his new enterprise.—*Racine Advertiser.*

☞ The *famous* Mr. Clemens, of Alabama, in comparing himself with Mr. Rhett, in the U. S. Senate, said:

"In every respect, I am the equal of the Senator from South Carolina. I am his equal in position, while I am his superior in learning, his superior in influence, and his superior in reputation, both here and throughout the country."

Wonder why he didn't add *modesty* as another quality in which he was superior.

☞ The steam fire engine on trial in Cincinnati, which we noticed a short time since, has been found successful, and promises to supercede the manning of the brakes. In 4 minutes and 16 seconds after fire had been applied, steam was raised and the engine set in motion, and in 46 seconds more, water was forced through 250 feet of hose, and thrown a distance of 150 feet from a three quarter inch pipe. A stream was thrown from 120 to 130 feet steadily for fifteen minutes.

☞ Rev. Dr. Porter, a Presbyterian clergyman of Memphis, has been preaching a series of astronomical sermons, in order to prove the locality of Heaven and Hell. The "Happy Place" he locates in the solar system—in the Sun. "The other Place" he fixed outside of the solar and astral systems, in the "outer darkness," beyond the light of the sun and stars, where the planets, comets, and lost worlds, which have violated the great laws of their existence, darkle forever on their returnless course through eternal space.

New Capital Punishment.—Some wag in New York suggests that it would have been well for Gov. Hunt to have commuted the sentence of Grunzig, who has just been hung, to transportation over the Erie Railroad—*so as to give one chance in a hundred for his life.*

FOR SALE.—The Type upon which this paper is printed—consisting of 500 or 600 lbs. of Bourgeois, and some 200 lbs. of Nonpareil—very cheap for cash; to be delivered on or before the first of June. m20

Also, 200 lbs. Long Primer, nearly new.

GREAT WESTERN STOVE DEPOT! Nos. 87, 89 and 91, East Water street, MILWAUKEE.

THE subscribers having been appointed agents of the *PRESQUE ISLE IRON FOUNDRY*, (the largest Stove manufactory in the United States,) are prepared to offer to the trade, and to retail customers

A better article of Stoves and at LOWER PRICES, than can be bought at any place west of Albany.

From an experience of ten years in the Stove business in Milwaukee, we have learned what kinds are best adapted to the wants of this country, and have no hesitation in saying, that in point of style, utility and durability, the

PRESQUE ISLE FOUNDRY STOVES excel all others brought to this market. The designs and patterns are neat and tasteful, and being run from the blast, are not as liable to crack as those run from the pig, for the reason that the latter receives one more melting than the former.

Among our Cooking Stoves may be found the LION and PRIZE, two Stoves that stand without a rival among the "Air Tights." The Lion is a diving three flue stove, with two tops, one for barrel or five pail kettles, and the other for boilers, tea-kettles, pots, &c; also, the KEYSTONE and CHAUTAUQUE FARMER, with elevated ovens. The Keystone is regarded by all who have seen it as the finest specimen of a cooking stove ever presented to the public, and the fact is attested by the large number sold.

The Chautauque Farmer, was designed expressly for the farmers' use, it having no inside or division plates, making the fire-place large and not liable to burn out.

Of the above mentioned Stoves we might give over 500 certificates, proving their good qualities, from persons who have used them; but as we guarantee them to be the best in use, we do not deem it necessary. We have also every variety of

Premium and Double-Oven Cooking, From No 1 to 6; also a great variety of AIR-TIGHT PARLORS! of splendid patterns, with and without folding doors, together with an endless variety of PLATE AND COAL STOVES, all of which we respectfully request you to call and examine before purchasing WILLIAMS & BONNELL. THURSDAY:::::::::::::::::::::::::APRIL 1.

The City Printing Again.

The *Sentinel* says, this morning, that we yesterday "made no further attempt to prove the Mayor in fault" in deciding Ald. Fishbach's motion in order. We see no necessity of "making further attempts to prove" a thing that is once proved. The question of order was raised at the time—Ald. Fischbach was appealed to, and stated distinctly that *he had voted for the* SEE BOTE. The *Sentinel*, of last Tuesday, said:

"On Saturday last, Ald. Fischbach, who voted *in favor* of Ald. Foote's resolution, moved to reconsider that vote, as well as the *other proceedings in regard to the City Printing.*"

If the *Sentinel* is good authority, the Mayor then entertained a motion to reconsider the appointment of the *Banner* as the German official paper, and of Messrs. Schoeffler & Wendt as City Printers, made by one who declared at the time *that he voted for the* SEE BOTE! If they had been strong enough, the *Banner would have been ousted* on the motion of one who voted *against* it. That is clear. And we don't think the indirect, mixed up manner in which it was attempted to be got at, will make that parliamentary, which would not otherwise have been so.

It says, also, that we brought forward no "additional fact or argument to sustain our 'pre-emption claim' to the City Printing," and repeats its bald assertion that "no contract" has been made with us. It is true we brought forward no "*additional* fact," for none was needed. We think the *Sentinel* had better get over the facts we have already brought forward, before it requires anything "additional." If "the Council has entered into no contract with us," *what has it entered into?* What is it, they are so *anxious to reconsider?* What is the legal effect of our BOND, *accepted and filed*, if it is not to *bind us* in the penalty therein named, to perform the work we were appointed to perform? And if the old saying is true, "that it takes *two* to make a bargain," if we are *legally bound* on our side, who is bound on the other, if not the City?

We think if the *Sentinel* had been appointed, and had filed its bond and partly performed its work, as we have, it would find something in those facts approximating towards "a contract," without anything "additional."

It also makes the fallowing statement:

"In like truth and temper with this philipic against the Mayor and Council is the *Free Democrat's* reference to us. Having no better weapons at its command, it repeats its original fabrication, that the *Sentinel* offered to do the printing for 'nothing' last year, and then charged $1280 for the *same work*, and not yet weary of evil doing, ciphers up this amount, in the next breath, to 'nearly $2-000!'"

This is false! We have said, expressly, that the work it receives the pay for is the "incidental" work, about which *nothing is said*, and about which it would be glad to have nothing said; and that its offer to do "*certain* work" for nothing, is, with the expectation of being handsomely paid for doing certain OTHER work.

It affects to consider these "imputations" as very "offensive." And we have no doubt it would have been very glad if the fact of its having received $1280 for nine months, could have been kept entirely out of view. Its offer then would have sounded "cheap enough." But now, these "*offensive*" facts show that it has obtained the position of "lowest bidder" only in form, and not in substance, and that, if elected, it will obtain by indirection, a post which it could not get by direct, straight-forward means. Hear with what assurance it harps of disinterestedness, in the same article in which it admits that it received $1280 last year, on a similar bid:

"Assuredly there can be no room, if there was ever so much disposition, for 'favoritism,' in awarding the City Printing to the lowest bidders."

In the bid, the "City Printing" is so large, that there is 'no room' left for anything outside. But in carrying out the bid, that same 'Printing' dwindles down so small as to leave ample room for some $1,600 or 1,-800, "not included in the bid." Not a bit of "room for favoritism" in the disposal of that amount! Oh, no!

PRODUCE IN STORE ON LAKE MICHIGAN.—I wish to correct an erroneous impression prevailing here and at the East in regard to the amount of produce in store on Lake Mithigan, as compared with former seasons. The quantities in store at Chicago, Waukegan, Kenosha, Racine, and Milwaukee, are as follows:

Wheat,	bush.	598,000
Oats,	"	464,000
Corn,	"	200,000
Barley,	"	110,000
Flour,	bbls.	57,000
Pork and Beef,		26,000

Making a total of 1,3 72,000 bush. of grain and 83,000 bbls. flour and provisions.

This is made up from the statements lately published, with the exceptions of the Pork and Beef, which are estimated.

The amount of Wheat and Flour is less than in any Spring since 1825; and is less than one-third of the quantity in store at the same places on the opening of navigation in 1849.

In that year the amount of Wheat alone, to say nothing of other grains, exceeded 2,-000,000 bushels; an amount greater, by one-half than that of all the grains combined this year.—*Cor. Sentinel.*

NEW YORK, March 24th.—The Asia sailed to-day for Liverpool, with 72 passengers and $85,000 in silver.

The Brother Jonathan also arrived from Chagres with 86 passengers, who had about $300,000 in gold dust.

KOSSUTH IN LOUISIANA.—The resolutions before the Louisiana Legislature, in relation to the reception of Kossuth, condemn his so-called arrogance toward the officers of the Mississippi, and agree to receive him as an advocate of freedom, and not as a guest, *provided he disavows ridiculing the Hon. Henry Clay.* We should call that a sort of conditional politeness and hospitality, which comes nearer to being an insult, than anything else. We don't think Kossuth will be so anxious to be received by the Negro Barons, as to accept of their invitations with a proviso.

MR. GREELEY.—The correspondent of the Cleveland *True Democrat*, writing from Washington, alludes to Mr. Greeley as follows:

"Under this state of facts, I was astonished to see Mr. Greeley, of the *Tribune*, come out on Friday, and plead with the Southern whigs to say nothing in their National Convention respecting the Compromise—to leave that subject in silence—to play dark and not show any colors. But it is said that he is anxious to be Governor of New York, and thinks the old beaten track of servility is the only mode of attaining office. This I regret. He has often exhibited a respect for freedom and independence of thought. But now instead of speaking the sentiments of his heart, and calling on the Whig Convention to speak out for freedom, he begs they will not speak for slavery."

Theodore Parker.

The Editor of the Cleveland *True Democrat*, writing from Boston, gives the following account of Theodore Parker:

I got into the body of the Church by hard squeezing. I tried to get up close by the preacher's platform, in vain. But I could hear, for his tones are distinct and clear, and he is listened to with with perfect respect.

Just let me say a word about the man. He is plain in every way, in look, manner dress. No farmer could be plainer. Indeed, he reminds one of a New England or western farmer afraid of no presence, and ready for any emergency, yet while careless about externals, never forgetful about the thing in hand. There is downrightness in his very atmosphere. It is all over and in him. Not doggedness, not obstinacy so much as that quality of head and heart which says with a combative tendency:—"I am here because I believe I am right, and so believing I will stay here and work to the end," and which makes the looker-on answer "better let that man alone—he will plow his way out."

Second, he is not eloquent in any sense that a southern or western man would use the word. His manner is poor—it does not help him—cannot do it. Nor is Mr. Parker, in any sense earnest;—I speak still of manner, for his utterances seem to be given as if he cared very little about them, or for those who heard them. Whence then you ask his power? I answer in this, that he gives his own thoughts, discusses every day *living* topics, and does it in nervous Saxon. His sharp sentences, when throttling a great error, ring upon the ear like the crack of a rifle. You know the ball has driven the center of the mark. His bold and abrupt conclusion, as he shows us some great sin, startle and shock, like a thunder peal. You feel that the bolt has stormed a popular vice that no pulpit or press had dared to assail. And thus by directness, by a moral and intellectual courage, by a downrightness of character, has this man a power in Boston, in New England and all over the country, which neither the cry of heresy can weaken, nor sect meet. Through these qualities the plain speaker is creative in his might;—and, with no advantages of manner, or of position, can master a Dewey, or baffle a Cox, backed though they be, by power and sect and the prestige of society.

Well—is there nothing to learn from all this? Has the pulpit no lesson to be taught from this example, or the kindred one of Henry Ward Beecher. It has; and it is this—that it must be alive, if it would keep the people alive, must grapple with the great themes of the hour, and discuss them, if it would be heard.

Hearing with the Teeth.—That faculty which we call "hearing" can be as well conveyed to the mind by means of the teeth as the ear. Curious as this assertion may appear, it is easy to prove it by the following simple experiment: Lay a watch upon a table, glass side downwards; then stand so far from it that you cannot in the ordinary way hear the ticking. Now place one end of a small dead stick [say six feet long] upon the back of the watch, and grip the teeth to the other; with the fingers close each ear, to exclude all external noise; the beat of the watch will then be as audible as if placed against the ear. All other sounds can be conveyed in the same manner, no matter how long the stick is; for instance, if one end is put upon a piano forte in the sitting room facing the garden, and the stick is 20 or 30 feet long, extending to the farther end of the lawn or walk; now if the instrument is ever so lightly played, "the tune" will be instantly distinguished by any person applying his teeth to the opposite end of the stick.

Emigration to Oregon.—Throughout the entire west, the inhabitants appear to take a deep degree of interest in the settlement of the new Territory. Yesterday, the fine new steamer Kate Swinny brought from the Ohio River, one hundred persons, who design settling in Oregon.—*St. Louis Union.*

Sergeant Davy was once accused of having disgraced the bar by taking silver from a client. "I took silver," he replied, "because I could not get gold; but I took every farthing the poor fellow had in the world, and I hope you don't call that disgracing the profession."

In the circuit, the other day, a witness was asked as to the rationality of Joseph Buckley, tried for shooting Mrs. Wynot. "When Buckley was sober," he said, "he was very sensitive—as sensitive as any other man; but when drunk he was very much exaggerated."

Got Him there.—The Albany *Journal* says: "In 1842, Mr. Fillmore wrote a very strong letter in denunciation of John Tyler. Among other things he said he regarded Tyler's conduct as "an additional proof that our only security against treachery and inordinate ambition is found in the *One Term principle.*—That takes away all inducement in the Executive to use his power to secure a re-election."

NEW ORLEANS ELECTION.—Mr. Crossman, Whig, has been elected Mayor of New Orleans, and the whig ticket generally has been elected.

PARAGRAPHS.

One hundred and twenty-one freight boats and nine packets are said to be in waiting at Rochester for the opening of Canal navigation. Twenty-three additional boats are being built at the same place, some of them of a capacity to carry 900 bbls. of flour.

The Odd Fellows of Boston are to erect a splendid Hall in that city, within the ensuing year. It is to be of granite, four stories in height, and will cost $80,000. This amount is to be divided into shares of $20 each.

Kossuth arrived in New Orleans, on Monday, the 26th inst.

Smithers says that, when the law says that a man can't marry his grandmother, or his aunt, of wife's mother, the law makes an ass of itself, for when a man marries now-a-days, he marries the whole family.

Punch says he is preparing a bill to prevent Cruelty to Quotations, which he intends laying before Parliament at an early day.

Have you no Schools?—By order of Government, the roads in Prussia are lined with fruit trees. Noticing that some of them had a wisp of straw attached to them, I inquired of the coachman what it meant. He replied that the straw was intended as a notice to the public not to take fruit from those trees without special permission. 'I fear,' said I, 'that such a notice in my country, would be an invitation to attack them.' '*Haben sie keine schulen?*' (Have you no schools?) was his significant rejoinder. [Prof. Stowe.

The destiny of the world often hangs on the smallest trifles. Had Fulton's mother died an *old maid*, our rivers still would have been strangers to steamboats—while a little mill between Charles Bonaparte and his love Letitia, might have broken up a marriage which gave birth to Napoleon and the battle of Waterloo.

A young gentleman, a short time since, was about making an excursion for fish, on one of the thoroughfares to the Lake, he met and made the acquaintance of a lady by the name of Mary Pike. At parting he expressed a hope that he might hear from her occasionally. To which she replied, "If he was not successful in taking fish at the Lakes, she had not any objection to his *dropping a line to her.*"

The report that a member of Congress from the West made a speech so dull and heavy that telegraph wires of ordinary strength broke down at every paragraph while the operator was endeavoring to transmit it to the honorable gentleman's constituency, is doubted.

Punctuality.—A punctual man is very rarely a poor man, and never a man of doubtful credit. His small accounts are frequently settled, and he never meets with any difficulty in raising money to pay large demands. Small debts ruin credit; and when a man has lost that, he will find himself at the bottom of a hill, up which he cannot ascend. Small debts, observes Dr. Johnson, are like small shots—they are rattling on every side, and can scarcely be escaped without a wound? great debts are like a cannon, of loud noise and little danger. Ninety-nine out of a hundred will acknowledge the truth of the Detor's observation.

THE COLISEUM.—The European correspondent of the Cleveland *True Democrat* writes from Rome as follows:

"Among all that surround it, the Coliseum is the monarch of Roman ruins. It seems not like a work of man. A majesty, like Nature, is upon it. It is one hundred and sixty feet high and sixteen hundred and fifty feet in circumference—but the simple unity of its plan, by harmonizing all its parts in one effect, makes it appear much larger. It is just decayed enough to make it venerable, without destroying its look of strength. Its rents are garlanded with flowers. No less than two hundred and sixty species have been found on its walls. Gladiatorial-games were celebrated in it till the fifth century, when they were abolished by the Emperor Honorius. In the eleventh century it was used as a fortress, and during the fourteenth, it was the theatre of a bullfight, and then converted into a hospital. In the next century, part of it was burned for lime; in the sixteenth the marble for several palaces and churches were taken from it; and, finally, in the seventeenth, Pope Sextus attempted to establish in it a woolen factory. Through all this changing fortune, it stands the most magnificent relic of Roman antiquity.

Even in his day, Cicero said—"we are surrounded by the vestiges of history." Now, the very sepulchres receive a new race of occupants. The urn of Agrippa holds the ashes of a Pope. In nothing more than their tombs have the Romans displayed both their taste and philosophy. In their pagan faith and luxurious taste, the magnificence of a mausoleum could do much to soften the idea of death. They had a reliance of posthumous honors, even apart from the promptings of ambition. It was the first care of the living that their lost friends should not lack a splendid sepulchre. Hence some of the monuments are no less grand than the temples themselves, and many have outlasted the very names of the occupant. But Rome itself seems like a decaying monument over a lost nation's grave. Among its desolated hills and ivyed vines, the spirit of it speaks so audibly that the effort is less to recall the past than to realize the present.

H. N. DAVIS'S COLUMN,
WAUKESHA.

For the Removal and Permanent Cure of all
NERVOUS DISEASES,
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,
is used with the most perfect and certain success in all cases of
GENERAL DEBILITY,
Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of
Dr. Christie's Galvanic Curatives,
consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging, and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than

75,000 Persons
including all ages, classes and conditions, among which, were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been
ENTIRELY AND PERMANENTLY CURED,
when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,
From all parts of the country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,
which conclusively proves that
"Truth is stranger than Fiction."
CURE OF
RHEUMATISM, BRONCHITIS, AND DYSPEPSIA.
REV. DR. LANDIS, A CLERGYMAN
of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and happy result of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S GALVANIC NECKLACE
Is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness, which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S GALVANIC BRACELETS
Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

☞ Many hundred Certificates from all parts of the country of the most extraordinary character can be given, if required.

☞ No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable*. They can be sent to any part of the country.

Prices:

The Galvanic Belt,	Three Dollars.
The Galvanic Necklace,	Two Dollars.
The Galvanic Bracelets,	One Dollar Each.

CRANE'S PATENT SOAP took the FIRST PREMIUM at the State Fair at Janesville; also at the State Fair of New York, and at the great Fair of the American Institute—*of course it did*; because it is the BEST SOAP IN USE. If any are still skeptical, let them read the following, (the names to which might be indefinitely extended,) and then *try it for themselves*, and if it don't succeed, *they don't follow the directions.*

"We have used CRANE'S PATENT SOAP in our families for the past eight months, and pronounce it *fully equal* to its recommendations. We do not discover that it injures clothing in the least. It is the cheapest Soap in use. We should not willingly do without it.

GREAT WORK ON CIVILIZATION.
This valuable work, has just arrived at
C. OTT'S BOOKSTORE.
It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:

"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matters of which it treats."—*Truth Teller.* april 22
